  - Any alcohol is a risk

Indicate whether you agree or disagree with each statement	Agree	Disagree
It is my life; If I take risks, it is my business because I am only endangering myself.		
Life is about identifying the risks that I face in everyday life and choosing how to manage them.		
If I am injured while riding as a passenger with a driver who is impaired, it is my responsibility because I chose to take the ride.		
My actions can result in permanent consequences for myself and for others.		
Injuries are a problem for some teens, but I don't believe that I am personally at risk.		
It is important to make a plan for how to get home safely <u>before</u> going out.		
I would tell my friends or family members if I saw that they were facing a serious risk in a situation.		

Check The Better Answer	True	False
In a vehicle, if your passenger is not wearing a seatbelt they are a danger to you and the other passengers.		
Like a broken arm, a brain injury will completely heal itself.		
Accidents are not preventable.		
Male drivers are more likely to kill or be killed in a collision.		
Female drivers are more likely to cause minor collisions and body damage to vehicles.		
Binge drinking is defined as consuming 4 or more drinks for a man, or 3 or more drinks for a woman on a single occasion.		
Driving is a right, and I'm entitled to it.		
You can avoid injury by making smart choices.		
After sustaining a spinal cord injury, you may have to urinate (pee) through a catheter.		
Speed or alcohol is not a factor if you have your seatbelt on.		
Trauma can have life-long consequences for the victim & the family.		
You can have your seatbelt tucked under your arm & still be protected.		

Thank you for taking the time to complete this survey. If you have any questions please visit the P.A.R.T.Y. website at [www.viha.ca/trauma/party.htm](http://www.viha.ca/trauma/party.htm)
