

**FINANCE AND AUDIT COMMITTEE
TERMS OF REFERENCE**

I. PURPOSE

The Finance and Audit Committee (the “Committee”) of the Vancouver Island Health Authority (“Island Health”) Board of Directors (the “Board”) assists the Board in review and oversight of the following areas:

- Financial Planning and Budgets
- Financial Statements and Other Financial Reporting
- Financial and Operational Performance Management System
- Asset and liability Management
- Internal control and policies
- External audit
- Investment management activity
- Facility Infrastructure
- Risk Management

II. COMPOSITION AND OPERATIONS

- A.** The Committee shall be composed of not fewer than three directors, each of whom shall be independent of Management.
- B.** The Committee shall operate in a manner consistent with the Committee Guidelines outlined in the Board Manual.
- C.** All Committee members shall be “financially literate”¹ and at least one member shall have "accounting or related financial expertise".
- D.** Island Health’s external auditors will receive notice of and be invited to attend meetings of the Finance and Audit Committee, and to be heard at those meetings on matters relating to the external auditor's duties.
- E.** The Committee shall review its Terms of Reference annually to ensure they meet the needs of the Board. Any proposed revisions shall be recommended to the Governance and Engagement Committee of the Board.

¹ The Board has defined “financial literacy” as the ability to read and understand a balance sheet, income statement and a cash flow statement in accordance with Canadian GAAP or International Financial Reporting Standards (IFRS). Where there is a requirement for a director to have accounting or financial expertise, this means the director shall have the ability to analyze and understand a full set of financial statements, including the notes attached thereto in accordance with Canadian GAAP or IFRS.

**FINANCE AND AUDIT COMMITTEE
TERMS OF REFERENCE**

- F.** The Committee makes recommendations to the Board and does not act on behalf of the Board unless specific delegated authorities have been given.
- G.** The Committee shall meet at least five times each year.

III. DUTIES AND RESPONSIBILITIES

Subject to the powers and duties of the Board, the Committee will perform the duties listed below.

A. Financial Planning and Budgets

- (i) Monitor and/or recommend to the Board, as appropriate, all matters relating to long range financial planning.
- (ii) Review and recommend to the Board, as appropriate, the annual operating and capital budgets.
- (iii) Review and recommend to the Board, as appropriate, approval for capital projects over \$2M.
- (iv) Review the budget planning methodology and assumptions used in preparing the operating and capital budget.
- (v) Ensure resources applied are appropriate to carry out programs.
- (vi) Ensure potential risks have been identified and strategies have been developed to mitigate these risks.
- (vii) Review and recommend to the Board, as appropriate, all unbudgeted expenditures and commitments greater than \$5 million.

B. Financial Statements and Other Financial Reporting

- (i) Review and recommend to the Board, as appropriate, financial information to be forwarded to the Government or made publicly available, including, but not limited to:
 - (a) the financial content of external regulatory reporting and any designated reports required by government; and

TERMS OF REFERENCE**

- (b) any management report that accompanies published financial statements (to the extent such a report discusses the financial position or operating results); and
 - (c) annual audited financial statements.
- (ii) Review internal financial information provided to the Board, including, but not limited to:
 - (a) internal periodic financial statements; and
 - (b) annual audited financial statements.
- (iii) Ensure:
 - (a) the Board receives timely, meaningful reports that keep it properly informed of Island Health's financial situation and provide the information needed to support decision-making;
 - (b) all periodic operating reports to the Board clearly display the financial results of each principal area of activity, the financial position reporting and includes capital cash flow and statement of cash flow for the period being reported and year to date;
 - (c) the Board receives, at each meeting, an up-to-date forecast of year-end results which reflects events to date and known factors which may influence either revenue, expense, asset, or liability components;
 - (d) The Board receives regular reports on capital projects over \$2M; and
 - (e) The Board receives regular progress updates on the annual capital plan.
- (iv) Review and discuss:
 - (a) the appropriateness of accounting policies and financial reporting practices used by Island Health;

**FINANCE AND AUDIT COMMITTEE
TERMS OF REFERENCE**

- (b) any significant proposed changes in financial reporting and accounting policies and practices to be adopted by Island Health; and
- (c) any new or pending developments in accounting and reporting standards that may affect Island Health.

C. Financial and Operational Performance Management System

The Committee will review and obtain reasonable assurance performance management systems are in place and operating effectively to keep the organization focused on the factors critical to the financial integrity of Island Health. This includes:

- (i) ensuring systems are in place to reliably report progress against budget and expected results;
- (ii) ensuring financial processes and systems are in place to evaluate Island Health's operations in relation to budget and planned outcomes;
- (iii) monitoring Island Health's ability to meet its financial goals; and
- (iv) monitoring progress by receiving, reviewing and discussing with Management, status reports of measurements associated with financial critical success factors.

D. Asset and Liability Management

- (i) Review and recommend to the Board, as appropriate, all matters pertaining to the Board's responsibility for the safe, effective and efficient management of Island Health's physical assets, including, but not necessarily limited to leasing of space, disposal of equipment or insurance.
- (ii) Ascertain whether Island Health's financial results and condition satisfy the criteria for lenders, material agreements, applicable laws and insurers.
- (iii) Specifically review the policy and authority levels required for the

disposal of real property.

E. Internal Controls and Policies

- (i) Obtain reasonable assurance internal controls are operating effectively, are reliable, and are properly designed and effectively implemented to produce accurate, and timely financial information.
- (ii) Review Management steps to implement and maintain appropriate internal control procedures including a review of policies.
- (iii) Develop with Management a comprehensive spending authority policy for operating and capital expenditures and present to the Board, as appropriate.
- (iv) Review, in accordance with applicable Island Health policies, requests for proposals or contracts in excess of \$5 million for recommendation to the Board, as appropriate.
- (v) Verify the establishment of policies and procedures for monitoring compliance with applicable laws and with Island Health's policies as to authorization of expenditures, approval of CEO expenses, leases and enterprise contract management and ascertain their adequacy and levels of compliance. Recommend to the Board, as appropriate, any changes which may be necessary from time to time.
- (vi) Monitor compliance with statutory and regulatory obligations.
- (vii) Ensure there is a regular review of Fair Business Policy including use of waivers.
- (viii) Ensure mechanisms are in place for effective accuracy of contracts.
- (ix) Ensure controls, contract monitoring and management systems are in place.

F. External Audit

The Committee will review the planning, results and recommendations of

Management's response thereto and the subsequent follow-up to any identified internal control weaknesses;

- (e) any other matters the external auditor brings to the Committee's attention; and
- (f) assess the performance and consider the annual appointment of external auditors for recommendation to the Board;

- (iv) review the Auditor's Report on all material subsidiaries;
- (v) review and receive assurances on the independence of the external auditor;
- (vi) review the non-audit services to be provided by the external auditor's firm or its affiliates (including estimated fees), and consider the impact on the independence of the external audit; and
- (vii) meet periodically, and at least annually, with the external auditor without Management present.

G. Investment Management Activity

- (i) Annually review the results of the investment portfolio and ensure investment returns are maximized to the extent possible.
- (ii) Annually review the investment policy for those handling Island Health's funds and recommend any needed revisions to the Board.

H. Facility Infrastructure

- (i) Receive regular status reports on facility infrastructure projects considered material to the organization.
- (ii) Review outcomes achieved through investments in major projects.

I. Risk Management

**FINANCE AND AUDIT COMMITTEE
TERMS OF REFERENCE**

Review and assess enterprise level or strategic risks within the Committee's areas of responsibility using the enterprise risk management framework and provide recommendations to the Board.

IV. ACCOUNTABILITY

The Committee shall report its discussions to the Board by maintaining minutes of its meetings and provide a detailed written report including any recommendations for approval at the next Board meeting.

V. COMMITTEE CALENDAR

The Committee's workplan of activities is outlined in an annual planning calendar.
