What is LearningHub?

LearningHub is a secure, Province-wide course registry and learning management system. It is hosted by PHSA (Provincial Health Services Authority), and shared by 7 BC health authorities.

LearningHub is where you will go to register for the courses you need to take to become an HCSW.

Creating a LearningHub Account

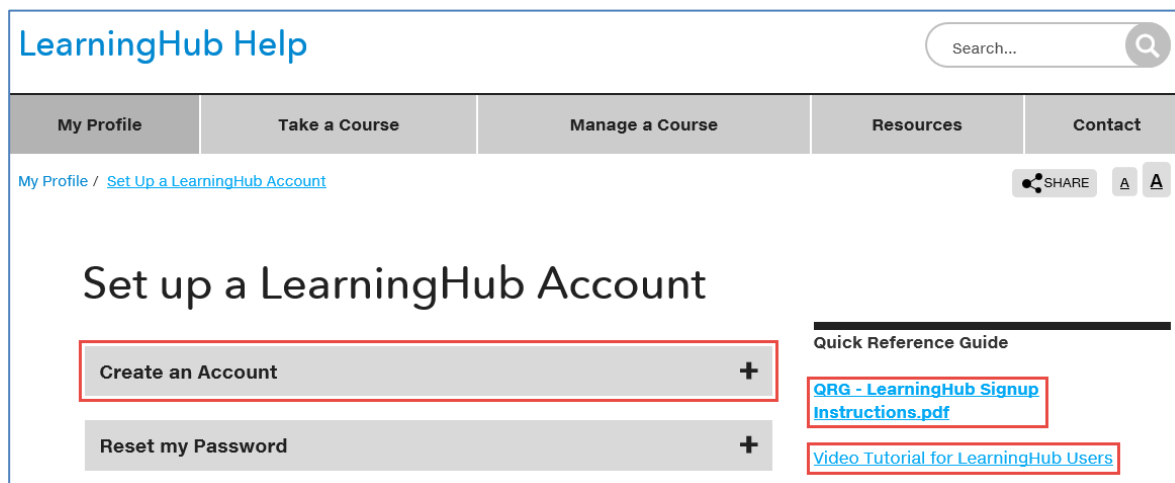

Before you can register for and take courses through LearningHub, you need to create, or set up, a LearningHub account.

Please note – if you need help setting up your account at any time, please see *Need Help?* at the bottom of this document.

Instructions for creating a LearningHub account are available on PHSA's *Set up a LearningHub Account* page: <http://learninghubhelp.phsa.ca/my-profile/set-up-a-learninghub-account>.

There are three resources on the page to help you:

- **Create an Account** has the most detailed information on how to set up your account, and has screenshots of the different steps.
- **QRG – LearningHub Signup Instructions** has high-level steps on how to set up an account; there are no screenshots. It also includes steps for searching for courses and other tasks.
- **Video Tutorial for LearningHub Users** shows the process in a YouTube video.

The screenshot shows the 'LearningHub Help' website. At the top, there is a search bar and navigation tabs for 'My Profile', 'Take a Course', 'Manage a Course', 'Resources', and 'Contact'. Below the navigation, the breadcrumb path is 'My Profile / Set Up a LearningHub Account'. The main heading is 'Set up a LearningHub Account'. There are two buttons: 'Create an Account' and 'Reset my Password', both with plus signs. To the right, under 'Quick Reference Guide', there are two links: 'QRG - LearningHub Signup Instructions.pdf' and 'Video Tutorial for LearningHub Users'. There are also 'SHARE', 'A', and 'A' icons.
